

Kinney Drugs and Onondaga County sponsor nursing pods at Destiny USA

“Supporting moms is a major part of what we do as a local health care provider and retailer,” said Judith Cowden, Sr. Director of Marketing for Kinney Drugs. “As an employee-owned company, and with 75% of our employee-owners being women, Kinney jumped at the chance to work with Onondaga County to bring the new Mamava suites to Destiny USA. It’s rewarding to help provide these safe, private spaces for moms to nurse or pump while keeping their other little ones safe.”

In an effort to creating a family-friendly environment and a positive experience for new mothers guests, Destiny USA invested in two Mamava nursing pods. The Mamava suite is a self-contained, mobile pod with comfortable benches, a fold-down table, an electrical outlet for plugging in a breast pump, and a door that can be locked for privacy. The 4-foot by 8-foot pod can comfortably fit one person, as well as mothers with babies and other children in tow. Destiny USA installed Mamava suites on the first level of the Canyon and near Ulta Cosmetics on the first level.
